

## CITY'S VICTORY LOAN QUOTA \$185,000

**DRIVE FOR FUNDS TO "FINISH THE JOB" WILL OPEN MONDAY; HAAKER IN CHARGE.**

South San Francisco will be called upon to raise \$185,000 of San Mateo county's \$698,625 quota in the coming Victory Liberty Loan, according to Chairman Henry Haaker.

Mrs. E. O. Peck has been named as the woman chairman in this district, which embraces South San Francisco, Colma and San Bruno.

The campaign in the Fifth Loan will be conducted along practically the same lines as former Liberty Bond drives. Each individual factory will appoint its committees to canvass the plant, while a committee of citizens will conduct the campaign in the business district. The residential district will be covered by women workers under the direction of Mrs. Peck.

Chairman Haaker will probably call a meeting on Sunday forenoon, when districts will be apportioned to the captains and lieutenants. The drive will open Monday.

Fully a thousand persons gathered at Redwood City Saturday afternoon to see the Victory Loan special, which had on that date left San Francisco on its tour of the State in the interest of the coming loan. The train was not supposed to stop between San Francisco and San Jose, but at the urgent request of L. P. Behrens, local chairman of the Liberty Loan committee, arrangements were made by those in charge to have it sidetracked there for an hour, so the people of Redwood and the surrounding towns could have an opportunity of seeing the relics and trophies from the battlefields of Belgium and France. A band of music was on the train and with its lively playing helped to stir up the enthusiasm of the spectators.

## HUNTERS POINT BILL PASSED BY SENATE

**WAYS AND MEANS COMMITTEE OF ASSEMBLY PASSES BILL AT 1:30 P. M. FRIDAY.**

Senate bill 105, which has for its purpose a survey of Hunters Point and the investigation of the feasibility of leveling the promontory and filling surrounding tide lands, has been passed by the Senate and on Thursday night was approved by the Commerce and Navigation Committee of the Assembly.

On Friday at 1:30 p. m. the bill passed the Ways and Means Committee, and its sponsors are confident of its final passage by the Assembly.

A delegation of San Francisco men, consisting of P. R. Thompson; Attorney Savage, who framed the bill; George Ehrhard, secretary of the Civic League of Improvement Clubs and Associations; Milton Marks, assistant City Attorney of the city of San Francisco, and Attorney Arthur Roehl, left for Sacramento Friday, to be present when the measure comes up for hearing before the committee.

The bill, which was introduced by Senators Scott and Canepa, creates the peninsula water front board to conduct the work. County Surveyor George A. Kneese will be in charge of the survey.

Ensign John J. Martin has received his honorable discharge from the U. S. navy and has returned to the home of his parents, Mr. and Mrs. W. J. Martin, on Grand avenue.

## CLOSE ESCAPE IN WRECK OF AUTO

**SOUTHERN PACIFIC TRAIN CRASHES INTO J. G. WALKER'S MACHINE; OCCUPANTS UNHURT**

Five occupants of J. G. Walker's automobile had a narrow escape from death at 8:30 Monday evening, when a southbound Southern Pacific train crashed into the automobile on the railroad crossing between this city and San Bruno.

The occupants of the car were Mr. and Mrs. I. F. Boyer and baby and Mr. and Mrs. J. G. Walker, who were returning from a drive to La Honda.

In some way Boyer, who was driving the car, stalled the motor as the front wheels of the automobile were on the track directly in front of the onrushing train. Immediately Walker realized the danger and clambered from his place beside Boyer and hurriedly assisted the two women and baby from the car, at the same time warning Boyer to leave. Walker made a futile attempt to roll the car from the track, but the fast-approaching train crashed into it a minute later, the cowcatcher of the engine striking the front wheel and tossing the machine to one side. The car was badly smashed.

## UNITED STATES AIR SERVICE WANTS MEN

**RECRUITS FOR FLYING BRANCH OF ARMY BADLY NEEDED, SAYS COLONEL GARDNER.**

Under direction of Colonel John H. Gardner, army recruiting officer for the district of San Francisco, an extensive campaign for men for the air service is being conducted. This is being done in connection with the "Flying Circus," which is appearing throughout this district in interest of the Victory Liberty Loan.

As inducements to join the service, there is an optional enlistment for one to three years, and the opportunity to learn how to fly. The enlisted man's pay in the service is from \$30 to \$121.50 clear each month. The government will furnish uniform, food and clothing. The only personal expense that one is under is for laundry. All but one-third of the men in the air service are non-commissioned officers, and you are taught a mechanical trade with the opportunity to secure a commission. It is an opportunity of a lifetime for the young men, and enlistments are for those between the ages of 18 and 55.

At this time the public seems more interested in discharges from the military service than in the maintenance of the military establishment, and the people must be impressed with the seriousness of conditions of the depletion of their establishment or there will have been failure to learn the lesson that the recent war has taught in the way of preparedness.

Recruits are badly needed of men who are mechanics or who desire to become mechanics, and information may be had at an recruiting station.

Gardeners, back from the war and released from war duties, are again busy in South San Francisco. Lawns and hedges, roses, etc., are becoming generally improved. The city may well be proud of the gardens in the residential section. Does your yard look nice? If not, get out the old garden tools and fix it.

## BARADAT ARRESTED IN BURLINGAME

**BREWERY AGENT WILL ANSWER TO CHARGE OF IMPERSONATING AN OFFICER.**

A. Baradat, San Mateo county brewery agent and owner of the Poodle Dog Saloon on Grand avenue, was arrested on Monday in Burlingame by Chief of Police Lewis A. Cavalier on a charge of impersonating an officer, and will be heard before Justice of the Peace Porter E. Lamb at 10 o'clock Monday morning. He pleaded not guilty.

Baradat's deputy constable badge was removed some time ago when he was arrested for displaying a revolver in Cheetham's Tavern on the highway in San Bruno. Monday, according to Cavalier, he halted Richard Van Hoosear of Oakland, manager of the San Jose Feed and Produce Company, flashed an officer's star on him, and told him he had been traveling too fast and to report at the city hall. There Van Hoosear met Cavalier, who grew suspicious and hunted up Baradat. He found him conveniently situated in Lamb's court, where Baradat listened to the complaint sworn to and then submitted to arrest. He was released by Lamb on his own recognizance when he pleaded not guilty to the charge, although he admitted making the arrest of Van Hoosear.

Cavalier said that Baradat also halted Dr. Max Rothschild of Hillsborough on the State highway.

Baradat formerly lived in San Mateo, moving his business to South San Francisco when that city's anti-saloon ordinance went into effect.

According to Baradat he was exercising the right of any citizen to apprehend law violators when he arrested Van Hoosear.

## JERRY HORKEY MARRIES MISS THELMA STURLA

Jerry Horkey of this city was married on Saturday morning to Miss Thelma Sturla, a popular girl of Colma, the daughter of Mr. and Mrs. Antone Sturla. The nuptial knot was tied by Superior Judge George H. Buck.

In securing their marriage license Horkey gave his age as 30, while the bride blushing admitted 21 summers.

Horkey, who is employed at the steel mill here, is well known, and he and his bride were given quite an ovation by friends who surrounded his machine upon the arrival of bride and groom in South San Francisco.

## UNKNOWN MAN AND MONEY MISSING

**MONEY SACK CONTAINING \$600 CASH AND SEVERAL CHECKS STOLEN FROM A. LOCATELLI'S SALOON.**

A sack containing \$600 in money and a number of pay checks was stolen on Saturday morning last from Locatelli's saloon on San Bruno road. Suspicion points to an unemployed man, whose name is unknown, who had been loitering around the place for several days.

According to the bartender, the sack of money and checks was in a drawer behind the bar when a patron entered, bought a drink and asked to be directed to the plant of the Western Meat Company. The bartender walked to the sidewalk to direct the stranger who had made the inquiry, and left the unknown man seated at a table in the saloon. The bartender claims he had not been out of the place more than a minute, but when he returned the loiterer had left and the sack of money and checks had disappeared at the same time.

The matter was reported to Chief Conrad and the San Francisco authorities, but little hope is held out for the apprehension of the thief.

## JAP AUTOIST IN DUTCH WITH JUDGE

Upon the complaint of Justice of the Peace Ellis Johnson, Justice William J. Smith has issued a citation to K. Teujii, with offices in the Merchants' Exchange Building, San Francisco, to appear in the local justice court on Tuesday at 10 a. m. and show reason why a warrant should not be issued for his arrest.

Judge Johnson avers that the Japanese, because of reckless driving, forced him from the highway near Millbrae.

## BREAK IN GAS MAIN; SERVICE SUSPENDED

## HOLIDAY WHEN BOYS COME HOME

**CITY TRUSTEES PASS RESOLUTION TO HONOR CITY'S RETURNING HEROES OF THE 363D REGIMENT.**

According to news received at the office of Mayor Rolph of San Francisco on Friday, the 363rd Regiment will arrive in San Francisco on Tuesday morning. A number of South San Francisco boys are enrolled in the roster of the regiment, and the Board of Trustees, at a special meeting held on Monday evening, voted to declare the day of their home-coming a holiday in South San Francisco.

The train carrying the first contingent passed through Ogden early Friday morning, and the other five sections carrying the troops are following on schedule one hour apart, five hours back.

The troops are expected to arrive at Sacramento late Monday, and after a brief stop will be brought to the Oakland mole, coming to San Francisco by ferry Tuesday morning.

It was definitely arranged with the Railroad Administration to land the men at the ferry. It was at first thought impossible and the railroad officials planned to have the trains run into Third and Townsend streets. They finally agreed to bring the men across from Oakland. This decision is based on the promise of the Citizens' Welcome Home Committee that relatives of the men will not attempt to meet them at Oakland, which would complicate bay traffic. Those who disobey are almost certain of being left there.

Following are the South San Francisco boys who are returning with the regiment: Giovanni Beltramo, William L. Doyle, Arthur C. Mathiesen, Harold C. Magnuson, William G. Thompson, Edward K. Weseley, Lewis Belloni, Otto Bissett.

## A JOB FOR EVERY RETURNED SOLDIER

**SOUTH SAN FRANCISCO INDUSTRIES HOLD OLD OR BETTER JOBS FOR OUR BOYS.**

It is with pride that we record the fact that every enlisted or drafted man of South San Francisco who has returned to this city has found his old job or a better one waiting for him. And not alone is this true of our own boys. Jobs have been given numberless soldiers at the South San Francisco plants, which have proved a veritable haven for the boys who have applied for places at the industries.

Possibly no city in the country could show a better record than our own on the percentage of returned soldiers who have been given work.

## HORACE BEWLEY RETURNS FROM EASTERN TRIP

## ROCKS HIS BABY BACK TO LIFE

Father's Last Loving Rite Restores Child Believed to Be Dead.

Wilkes-Barre, Pa.—Little four-year-old Laverne Scattergood was pronounced dead. Her father and mother were heartbroken and the attending nurse went about the task of getting the death robes ready and preparing the body for the undertaker.

E. A. Scattergood, the father, entered the room with tears streaming from his eyes. He had been accustomed to rocking baby every night, and he decided to take the little one

Suddenly Came a Scream From the Father.

In his arms for the last time. He rocked and cried while the nurse went on with her work. Suddenly there came a scream from the father, and the nurse hurried to him.

"She is living," he said; "she is living, and I know it."

The nurse thought she saw signs of life. Baby was placed in her bed, hot water bottles were applied, and violent rubbing started the circulation. When the doctor arrived the baby was very much alive.

All that happened a few days ago. Now little Laverne is improving and the doctor expects her to recover from pneumonia.

"All the time she was sick," said the father, "I thought that if I could rock her as I did every night she would get better. When they said she was dead, I believed it. But I decided to rock her just once more, and maybe I am not glad that I decided to."

## EARN MONEY TO PAY FINE

Farmer Then Returns to Court and Announces That He Is Ready to Serve Sentence.

Seattle, Wash.—Miles Powell, a farmer, was before the federal court here charged with operating a liquor still.

"What's your business?" asked Judge Jeremiah Netere.

"My business is to plead guilty to the charge," said Powell.

"Your candor is refreshing," murmured the court.

Powell was asked if he thought he could pay the minimum fine. He said he could not, but was willing to go to work and earn the money. When he again appeared in court recently he brought with him the \$100 fine and announced he was willing to start serving his sentence of 30 days in jail. He is now "doing time."

## SHORT CHANGE ARTISTS BUSY

Dust Off Old System and Use It With Considerable Success on Merchants in Georgia.

Macon, Ga.—Short change artists have been bilking stores and shops in Macon for several weeks past. The system, though quite old, was dusted off again and used here.

One of the trio would make a small purchase and give a \$10 bill. When he received change he would discover suddenly that he had a coin of the right denomination and handing the cashier part of the change ask that a \$5 bill be given him. When this was done he suddenly thrust the \$5 bill back at the cashier and asked that his \$10 bill be given back. Meanwhile his confederates were loudly clamoring to be waited on immediately, saying they were in a hurry.

## HOW TO BECOME

### A BOY SCOUT

To become a Scout a boy must be at least 12 years of age and must pass a test in the following:

1. Know the Scout law, sign, salute and significance of the badge.
2. Know the composition and history of the national flag and the customary forms of respect due to it.
3. Tie the following knots: square or reef sheet-bend, bowline, fisherman's, sheep-shank, slip, clove hitch, timber hitch, or two half hitches.

## "Xantippe," to Be Shown at Royal Theatre

WALLACE REID in "Believe Me, Xantippe." A Paramount Picture.

When George MacFarland, a wealthy clubman in New York, returns to his apartments one night, he makes the discovery that the place has been ransacked by burglars. He discusses the incident with Brown and Sole, two club friends, and in the course of conversation, MacFarland offers to bet \$20,000 with both that he can commit a crime and elude the police successfully for one year. The wager is accepted and the terms are agreed upon.

In accordance with the terms of the wager, MacFarland is to forge the name of Brown to a check for \$100, and this is to be deposited at a bank at 11 o'clock the next day, when the search for the supposed forger is to be commenced by the police. The two men decide to win the wager by trickery, if possible, and they resolve to keep a close watch upon MacFarland, so that at 11 o'clock when the forgery is reported to the police, they may at once place him under arrest. In order to make his identity more certain, they take his photograph by flashlight, but when the lights are turned on again, lo! MacFarland has disappeared, taking Brown's hat with him.

On the following day the check is sent to the bank and the forgery immediately "discovered" and reported to the police. With the notification of the crime to the police, MacFarland is a fugitive from justice. The police are provided with a description of him to the minutest detail, and the country is flooded with photographs, on which is MacFarland's favorite expression,

which he uses at all times, "Believe Me, Xantippe," and the warning that he employs this expression almost incessantly in his conversation.

Meanwhile, MacFarland goes to Colorado, where, for eleven months, he lives in a secluded farmhouse safe from discovery and arrest. While hunting one day he stops at a hut in the mountains, where Sheriff Kamman and his daughter, Dolly, are making their headquarters. The sheriff has returned to the city, leaving Dolly in charge of the cabin, and on their meeting Dolly asks MacFarland if he is hungry, whereupon he replies, "Believe me, Xantippe, I am." She immediately recalls the police circular sent to the police all over the country, and concludes that this is the desperate forger her father had been searching for. Obtaining a gun by stealth, she covers him and makes him her prisoner, greatly to his astonishment and dismay. She then forces him to peel potatoes for dinner, and while they are at their meal, Simp Calloway, an outlaw, comes to the cabin and seeing Dolly, whose youth appeals to him, he draws his gun and takes charge of the affair. Later, Dolly tries to get the drop on Simp, and there is a fierce battle between MacFarland and the outlaw, which ends by MacFarland overpowering Simp by jiu-jitsu methods. This gives Dolly two captives instead of one, and that night she forces them both to go to bed together, and she spends the night guarding them.

## A SAFE STOCK FOR ALL

## SIMONDS SAYS AMERICA MUST END RED RULE

Europe Knows That Only Chance for Safe Peace Lies With U. S.

Frank H. Simonds, the noted war correspondent, in one of his comprehensive peace conference stories from Paris, says:

"All Europe recognizes the fact that the war is not yet over; that it will not be over until its consequences have been liquidated in a sure peace. 'All allied Europe equally recognizes that only with America's continued aid can a safe peace be obtained and preserved. Accordingly, America's aid being priceless, no price is too great to pay.

"The one essential thing is that America should stay to finish the job. If she doesn't we may have anarchy and Bolshevism from Kamchatka to Land's End."

Simonds is on the job and knows. He isn't writing Victory Loan propaganda but the Victory Loan must be "put over" because of the very facts that he brings out.

We have got to finish the job. To finish the job costs money. Every American citizen has got to dig down and help finish it with the Victory Loan.

United States Government War Savings Stamps bear four per cent interest, compounded quarterly. Make your money make money for you.

After all, the fact that there is a Victory Liberty Loan is the big reason for subscribing to it

## CHURCHES WILL OBSERVE LOAN SUNDAY MAY 4

All Denominations to Hold Special Services to Aid Fifth Liberty Drive.

Sunday, May 4th, will be observed throughout the United States as Victory Liberty Loan Sunday, and ministers of all denominations in the Twelfth Federal Reserve District have made preparations to hold special thanksgiving services on that day.

So that isolated communities may be stimulated by new blood during the fifth campaign, local pastors who have worked to make a success of the four previous drives will exchange pulpits with ministers in nearby towns where similar conditions prevail.

The feature stunts of the fifth campaign will be more pretentious than any that have appeared in the former drives. One of the most sensational features to be used in the Victory drive will be the flying circus, which will make a tour of the larger cities of the Twelfth District with eleven planes, including two captured German Fokkers.

### Trophy Train to Tour.

Almost every city that boasts a railroad station will be given the opportunity of seeing one of the two trophy trains which will travel through every state in the district. Each train will carry a whippet tank, which will be run off the train at each stop. Scores of war trophies brought from France will be shown on the trains.

## SPEAKERS OF REPUTE AT SOCIAL CONFERENCE

The California State Conference of Social Agencies, which will meet at San Jose, April 22-25, is to have sections on all phases of social work. One may choose as many as he is interested in. The mornings and afternoons will be divided into four or five sections and in the evenings all sections will unite in a general meeting, when speakers of national and international reputation will speak.

Paul Kellogg, the editor of the "Survey," said to be the man in closest touch with every phase of social work, will speak, as well as Will Irwin, Edward Devine and others of equal note.

The Red Cross will have several sections. One is to be devoted to home service. There will be papers on how far home service depends on existing agencies and how it can be supplemented by such agencies. There will be public health, chambers of commerce and their relation to social and educational agencies, employment management, and many others. There will be interesting discussions of courts and rehabilitation.

Another section is to be devoted to a discussion of welfare work in stores and industries; this we know is being done along many lines of work by far-seeing employers.

## CHILD SUCCUMBS TO TYPHOID COMA

Marie Cravallo, the seven-year-old daughter of Mr. and Mrs. Cravallo of Baden avenue, succumbed on Tuesday morning to typhoid coma at the South San Francisco Hospital. The little one had been at the hospital for three days and all efforts to save her life were unavailing.

Interment was made on Thursday at the Italian Cemetery, following funeral services by the Rev. Father Moran at All Souls' Church. The funeral arrangements were conducted by S. Nieri.

### Buy those War Saving Stamps.

Fortunately it is now only the lagging few who do not realize the importance of constructive rather than corrective work along all lines of effort. If we are self-centered we know we must improve conditions in general, for fear they may in the great cycle of life smite us or our families. If, on the other hand, we have "Social Vision," we are interested because we believe in the Golden Rule.

Space forbids a detailed account, but all information may be had from the California State Conference of Social Agencies, Chamber of Commerce, San Jose.

### Difficulties Develop Men

Continue to sail in one direction or continue to walk on the plains in one direction and the horizon continues to move back.

Meet a difficulty face to face and the trouble begins to back up.

Trouble is of small consequence unless it be that you are a small man. Difficulties develop men. Opposition should only excite. Out of what is commonly called "misfortune" a live man, full of fight, should find his biggest and best chance.

Things that look insurmountable and destructive to-day will take on a different look to-morrow, else you would have been buried in an avalanche of trouble years and years ago.

### Sheriff John Bone

John Bone was sheriff of a county in Northern Michigan, and John Bone stopped the sale of booze. This is the real reason for the term "Bone dry."

And here is a big thought: We have all read this term time and again, but few of us have understood what "Bone dry" means.

Most of us read enough, but few of us inquire enough, dig enough, find out enough after we read.

Reading is of no consequence save that it keeps you out of mischief. But thinking after you read is the point.

Woman will continue to be the shape of a slab slightly warped, whittled down to a fine point, so Mister Milgrim, a New York designer, gives out. It's defrauding the dressmakers in a way, for any woman that can thread a needle can sew up a straight bag for herself and tie a string around it and tack on the du-dads.

We are glad that Elihu Root has expressed himself on the League of Nations. Whether people agree with him or not, his clear common sense is sure to shed light on any subject it touches.

## MICKIE COMING BACK

Mickie, the best man The Enterprise ever had on its pay roll, and who has been missed by our subscribers more than the editor himself would be, is on a vacation, but we have the promise of Mickie's father, Charles Sughrue, the artist, who has just received his discharge from the Thirty-first Field Artillery, which served in France, that Mickie will be back on the job next week.

We don't know whether or not Mickie's temper will have improved because of his temporary lay off, but his bright and witty philosophy, when he is in a genial mood, will make amends for any irascibility he may show from time to time.

By subscribing for The Enterprise you can be sure of hearing Mickie's comments every week.

## E. H. LEWIS OPENS THE SERVICE GARAGE HERE

E. H. Lewis, whose experience in automobile repair work dates back from the early days of motordom, has opened the Service Garage at 209 San Bruno road.

Lewis is well known to motorists of this section, having formerly conducted a garage and repair shop in Colma.

In addition to the mechanical end of the business, Lewis has installed a long-felt want in South San Francisco—the washing and polishing of cars. He has selected as his motto "The Service Garage Means Real Service to You."

Lewis is negotiating for the agency for a well-known car of nominal price, which will be offered on terms attractive enough to make it possible for any present-day wage earner to own one.

We've the suspicion that the President wouldn't cut quite so much ice in Paris if he didn't carry the only available bunch of national meal-tickets.

Some of the Senators are already so mad that they can't see straight, but just wait till the peace treaty is presented to them with the League of Nations in it.

The odds are heavy that when Mr. Hoover goes back to making a living he will not depend upon growing wheat or making flour.

To a man up a tree or a woman on the house top, it's a funny sort of mix; the Kaiser on a vacation buying up lands and castles while his allied enemies are punishing the people he has robbed.

"Food Commissioner Peek sees the high cost of living coming down." Peek again, please, while we are looking.

Dear me, so many "things all women should know" in these days of reconstruction; yesterday we called a woman's frock a gown; day before that we called a dinner dress a neglige—the only difference we could see being the neglige had more cloth in it. Then, again, a suit, a costume, and the saleslady elegante looked at us so severely we shivered like the mimosa that we are. The only things we know for a certainty are hats, gloves and pajamas.

"Webb, Kitchin and eighteen other Congressmen to visit Porto Rico soon." No wonder the island longs for independence.

### Ye Idle Chatter

By B. V. D.

(With Apologies to K. C. B.)

Dr. F. S. Dolley, Pres.,

Industrial Club—

My dear Doc.

Some sort of compact

Of fifty-seven varieties

Must be drawn up,

Or a League of Patience

Agreed upon

To protect Dick Stickle

Against the aggressions

Of the China boys

At the Industrial Club.

For on Wednesday night

At dinner time,

I surely thought

The Boxer trouble

Had been revived.

Through an omission

On the bill of fare,

Stickle made a mistake

In the amount of check,

And when the China boy

Pointed it out

To the secretary

We were all certain,

From what Stickle said,

That the Chinese race

Would be depleted one,

Until the China boy

Spoke out his mind.

Then we believed

That South San Francisco

Would be minus

A building contractor

In about thirty seconds.

Three languages

Flew thick and fast

Around the dining room,

English, Chinese and profane.

But it's all right now,

For I didn't see

Stickle's name published

In the casualty lists.

And the China boy

Got tired of his job

And left on Thursday

"To ketchum rest."

I THANK YOU.

### VICTORY BOOTH LADIES TO GIVE DANCING PARTY

Preliminary to the bazaar to be held at All Souls' Church, May 15, 16 and 17, the ladies of Victory Booth will give a dance to swell the bazaar fund.

The dance will be held at Fraternal Hall on Wednesday evening, April 23, and will probably be the first to follow the close of the Lenten season.

Tickets for the affair are in the hands of the ladies, and a sufficient number have already been disposed of to insure financial success and to make it enjoyable for those who may attend and desire a variety of partners.

### MOST MARRIED MAN OBJECTS TO ALIMONY

Caleb Coakley of Colma, known as the "most married" man in San Mateo county because seven justices of the peace officiated at his wedding ceremony, has filed an objection to paying temporary alimony to his wife, who is suing him for divorce. He says she is living in San Francisco in ease and idleness and does not need his support. Coakley married August 2, 1913, but the marital knot, although tied sevenfold, did not hold. His wife sued him for divorce seven months later. A year after the divorce the Coakleys were married again. His wife sued for her second divorce on March 4, 1919.

When Johnny comes marching home again give him a good job.

### EVERY ONE PREPARING FOR STEEL WORKERS' DANCE

If you should see a group of steel workers in earnest conversation, do not get the impression that they are discussing the slowing down of the mill. Far from it! Their thoughts are on pleasure bent, for the date of the annual dance of the Steel Workers' Union is rapidly approaching. On Saturday night, April 26, to be exact, is the evening when they will get rid of all their stored-up energy dancing to the strains of one of the biggest and best orchestras which has ever made its appearance in South San Francisco.

And their wives, sisters and sweethearts are shopping, buying new frills, frocks and dainties to look their best at the big annual event.

Prizes galore will be offered at the dance. The mere holding of a ticket may be the means of securing some worth-while article—and as to the hour, why, you may dance until 4 a. m. Saturday, April 26—most everybody will be there.

### WATER COMPANY WILL EXTEND ITS MAINS

The South San Francisco Water Company will extend its 3-inch main along the west extension of Grand avenue. The work will afford the residents of that fast-growing section of the city an ample supply of water and provide adequate protection in case of fire.

—It is a patch of soil in France where sleep our dead. It is Spring now and poppies—blood-red—cover the fresh turned earth of the graves.

While the marks of the spade still linger can we forget the sacrifice those American boys made—can we break faith?

We can carry on the work they died for. We can keep faith with them. We can sacrifice here and there to take, each of us, our share of the VICTORY LIBERTY LOAN. Keep faith.

## IS ESTABLISHED FACT.

The lesson of Easter involves the question of the divinity of Christ. There are two great miracles upon which Christianity rests. The miraculous birth and the resurrection go together. If we believe one we can believe the other. The former is not subject to historical proof. The latter has been proved and is one of the best-established facts in history.

Those who imagine themselves to be too "modern" to accept the resurrection as a literal fact, are deluding no one but themselves. There is nothing new in the effort to explain away the great event. Men have been trying out explanations ever since the guards who went to sleep on duty around the tomb excused themselves by saying the disciples stole his body away while they slept. Explainers have risen and fallen as the ages have come and gone and the deeper the explanations have gone into the matter, the more apparent has become the fact. The simple Gospel narratives gave enough of the physical details of the event to make it convincing; the fact that the disciples themselves did not expect the resurrection and were slow to believe it until they were forced to believe it by his presence among them; by exhibition of his sacred wounds and the fact that it became the burden of their preaching in the future, all go to make up the indisputable collateral evidence of the literal fact. Every one of the disciples is said to have died a martyr and his resurrection was their "testimony to martyrdom."

## News of the County

### DYING FROM INJURY.

George Newman, aged 25, a mechanic employed at the Union Iron Works and residing at 1740 Polk street, San Francisco, is in a critical condition at the Hulings Hospital, Redwood City, from injuries incurred in an automobile accident at La Honda last Friday morning. He was thrown through the windshield when the machine hit a tree and a large artery in his neck was severed. Dr. J. E. Chapin, who is attending the injured man, does not hold out any strong hope for the patient's recovery.

### DECEASED WELL KNOWN.

James V. Coleman, mining magnate and clubman, who passed away in San Francisco Sunday afternoon, following a relapse from a severe attack of influenza, was well known in this vicinity. He represented San Mateo county in the twenty-fifth and twenty-sixth sessions of the State Legislature in the Assembly. In 1891 he was a candidate for the Democratic nomination for Governor when Markham was elected. Coleman owned a beautiful country home in Menlo Park. He leaves a widow and a ten-year-old son, James V. Coleman Jr. He was 67 years of age.

### FLOWER SELLING ON STATE HIGHWAY CAUSES COMPLAINT

Scores of complaints regarding the selling of flowers by children on the State highway down the peninsula are being received by the California State Automobile Association and the Board of Supervisors of San Mateo and San Francisco counties.

According to motorists the children are not only endangering their own lives by running out upon the highway to make sales, but the lives of motorists. Recently several minor accidents have occurred. It is pointed out in the complaint that the children selling flowers range in age from 6 to 10 years. The motorist who stops short to buy flowers on the crowded highway not only endangers his own life, but the lives of motorists following in the rear.—Redwood City Standard.

### SENATOR JOHNSON'S BOND ISSUE PASSES SENATE

By a vote of 29 to 0, the Senate at Sacramento on Monday adopted the proposed constitutional amendment, proposed by Senator M. B. Johnson of San Mateo county, providing for a \$40,000,000 bond issue for highway construction. The Senate also passed Senator Johnson's bill providing for a special State election August 26 next, to submit the above proposition to the voters. Included in the bond issue is an appropriation for the construction of the proposed Skyline boulevard along the crest of the mountains from San Francisco to Santa Cruz county.

### MISS EARLY RESIGNS.

Miss Elma F. Early, City Clerk of San Mateo for the past seven years, tendered her resignation to the Board of Trustees last week. The resignation was accepted with regret, and the board then appointed E. W. (Ed) Foster as her successor.

### COBURN ESTATE IS LESS THAN MILLION

The estate of the late Loren Coburn, eccentric Pescadero rancher, was worth \$626,992.50, according to a complete inventory filed in Redwood City Wednesday by C. H. Widemann and Mrs. Sarah S. Coburn, executors of the estate. This amount is considerably lower than speculation had credited Coburn as being worth.

The aged landowner passed away last November at the age of 93, after a life of litigation. He left a feeble-minded son; his widow, who was formerly his housekeeper and later became his second wife, and a nephew, between whom a legal battle for the reputed Coburn millions began. It was finally settled out of court on a compromise, involving the transfer of \$175,000.

### SISTER-IN-LAW OF SHERIFF PASSES AWAY

Mrs. Mary Ann Lee, 57 years old, sister-in-law of Sheriff Michael Sheehan of Redwood City, and a native of San Mateo, passed away Monday in Fruitvale, following a long period of failing health.

Besides Mrs. Michael Sheehan, her sister, the deceased is survived by a brother, Thomas Rogers.

### VERSATILE FORD ENTERS INTO ETERNAL TRIANGLE

The versatile Ford has entered into the eternal triangle. The trinity of Fords clashed Sunday when Mrs. Bernard Ford, daughter of C. O. G. Miller, San Francisco capitalist, sustained injuries in a collision. The automobile which struck the car in which she was riding was of the well-known Ford brand. The only other person sustaining slight scratches was Miss Louise Ford, a nurse at the home of Stewart Edward White, Hillsborough novelist.

### MRS. FARISH DEAD.

After four years of failing health, Mrs. Etta Louisa Farish, 61 years old, wife of John F. Farish, mining engineer of international repute, passed away at the Farish home at Poplar and Griffith avenues, San Mateo, Wednesday night.

### CAPITALIST DEAD.

Leon E. Escolle, San Mateo capitalist, died at 11:15 o'clock Wednesday morning at a local hospital from double pneumonia, after an illness of about two weeks. He had many friends in San Mateo and vicinity who will be shocked to hear of his untimely death.

### PLAN IS OPPOSED.

A plan of the San Mateo county Board of Supervisors to convert the old county jail, used during the occupancy of Camp Fremont as a detention home for women, into a juvenile home, is meeting with considerable opposition from the County Federation of Parent-Teachers' associations and from women's clubs.

An optimist is one who enjoys paying his taxes.

## Il prestito della vittoria

La campagna per il Quinto Prestito della Libertà e della Vittoria sarà lanciata in tutti gli Stati Uniti il 24 aprile, il giorno dopo la Pasqua. Già ovunque si notano i segni precursori di questa campagna che non sarà meno attiva e meno imponente di quelle passate, malgrado che la guerra sia finita.

La campagna avrà la durata di tre settimane. La somma da raccogliersi è di \$4,500,000,000. Sarà questo il Prestito della Vittoria. La vittoria è costata cara non solo in uomini ma anche in denaro. Adesso è l'ora di pagare il prezzo della vittoria e del trionfo. Chi non sarà lieto di pagarlo? Chi non si sentirà superbo e volenteroso di suggellare con il prestito del proprio danaro al Governo la grande e vittoriosa impresa che ha assicurato il trionfo della Libertà nel mondo ed ha ricondotto la pace sulla terra?

Le cartelle di questo Prestito daranno un frutto annuo del quattro e tre quarti per cento, il quale però sarà parzialmente soggetto a tasse. La maturità del Prestito avverrà dopo quattro anni dalla sua emissione, però il Tesoro si riserva il privilegio di scontare il Prestito dentro il termine di tre.

Le cartelle che danno un interesse del 4 e tre quarti per 100 saranno esenti di tasse statali e municipali; invece le cartelle che fruttano un interesse del 3 e tre quarti per cento saranno esenti anche da tasse federali, eccetto nei casi di credito.

La somma del Prestito è assai minore di quanto era stato annunziato dai competenti in materia finanziaria e anche il termine della sua maturità è molto più breve di quello dei prestiti precedenti. Il Prestito della Vittoria sarà l'ultimo, benché il Governo possa ancora ricorrere ad altri prestiti privati per far fronte alle sue spese di guerra.

Il Governo Americano, benché la guerra sia vittoriosamente terminata, si trova tuttora dinanzi a spese enormi e non meno necessarie di quelle del periodo di guerra. Basti pensare che si trovano tuttora sul suolo d'Europa quasi due milioni di soldati Americani che devono essere nutriti, vestiti e provvisti di tutto il necessario e che eventualmente dovranno essere rimpatriati. Dopo il rimpatrio si dovrà pensare a provveder loro i mezzi di vivere finché non abbiano trovato un'occupazione stabile e sufficientemente lucrosa. Per far tutto ciò occorrono denari, molti denari. E il popolo sarà chiamato un'altra volta a darli, cioè a prestarli. E non popolo, ancora una volta, risponderà con entusiasmo all'appello del suo Governo convinto come è che l'atto di patriottismo rappresenta anche un ottimo affare e un lucrativo investimento.

I cittadini di origine italiana non si mostreranno neppure questa volta sordi all'appello di questa loro Patria adottiva e ancora una volta dimostreranno ai nemici della nostra immigrazione che l'elemento italiano negli Stati Uniti è stato, e è sempre devoto e leale assertore del più puro e illuminato americanismo.—L'Italia.

### PHOTOGRAPHS TAKEN OF HOUSE OF MYSTERY

Photographs of the Highland avenue house in which Inez Elizabeth Reed is believed to have died, and of the ravine in which her body was found subsequently, were taken Wednesday in San Mateo at the instance of Lieutenant Charles Goff of the San Francisco police department, who, with Detectives James Gallagher and Fred Lotsey, are working on the case. These pictures will be used in the Superior Court at Redwood City.

## SAN BRUNO NOTES

### ST. BRUNO'S BAZAAR TO BE HELD IN MAY

The men and women of St. Bruno's parish, San Bruno, are directing every energy toward making the church bazaar to be held in Green's Hall on Thursday, Friday and Saturday evenings, May 1st, 2d and 3d, an unequalled success, and promise that a fairland of useful and ornamental articles will be displayed at the bazaar.

A special feature of the fair will be the jazz orchestra which has been engaged for Saturday, the closing night.

The articles will be distributed on Sunday evening at the Novelty Theatre during the performance.

Spirited and friendly rivalry will be shown by those in charge of the booths to attract the largest number of patrons. The proceeds of the fair will go to the church fund.

### WAITE EXONERATED.

Walter Waite of San Bruno was acquitted by a jury in Superior Judge Buck's court on Wednesday of an offense against Harold Calkins, an 11-year-old boy. The jury was out but fifteen minutes when it returned the very dict of "Not guilty."

Waite was defended by Attorneys J. W. Coleberd and John D. Willard. District Attorney Swart and Attorney Roy Lyon had charge of the prosecution.

### WELL-BELOVED PASTOR AGAIN CALLED AWAY

The Rev. Mr. Wallace, pastor of Grace Episcopal Church, will preach his final sermon in South San Francisco on Sunday next. Mr. Wallace, who founded the little church twenty years ago and later left for the Orient, where he has been a factor in missionary work, has again been called by the Missionary Board to a broader field of endeavor.

The clergyman has worked untiringly without compensation since his return for the building up of a parish here, and has secured an appropriation of \$25 monthly from the Missionary Board for South San Francisco. The church property has been much improved and the church debt materially reduced by his efforts.

Mr. Wallace's plans are uncertain. He may take the treasurership of the missionary funds in Japan, or possibly go to England. He will leave California about the middle of May.

## EASTER

It is Easter, the gladness of Easter is 'round me!

It is Easter, the sweetness of Easter has found me!

The newly leaved boughs of the trees are low swinging,

The birds have come back to their homes and are singing,

The blossoms I missed have come back to the meadow,

Every last cloud has gone, and gone with it its shadow!

And each grief that was crowding about me and shoving

Is gone; for my loves shall come back to my loving.

It is Easter; the lilies of Easter are swaying!

And the babies, their tresses all wind-blown, are playing!

And their wee fingers fashion me garlands of clover—

It is Easter—I grieved but my grieving is over!

For the ones whom I loved, and who left me back yonder,

Have grown nearer with Easter, grown nearer and fonder;

And when the breeze touches the tree-boughs low-swinging

I almost feel their loving, I almost hear their singing.

And so all the gladness of Easter is 'round me,

Its gladness, its love and its peace have all found me;

To the ones whom I grieved for my arms are now nearer—

They were far and apart, now they're nearer and dearer!

And each Easter that comes brings me near to the going—

I will find them and love them. I know they are knowing!

I count up the Easters until I have found them,

With my lips on their hair and my arms tight around them.

### CONNELLY AND ANDERSON LEAVE FOR PITTSBURG

Tom Connelly and Jim Anderson have formed a partnership for the operation of a poolroom in Pittsburg, Calif.

Connelly and Anderson left this week to take charge of their new business, and their many friends are wishing them success in the venture.

Connelly, one of the long-time residents of South San Francisco, was formerly the owner of a retail liquor business and later ran the poolroom now owned by Tony Bildhauer. At the time of organizing the Steel Workers' Club, Connelly was placed in charge of the pool and billiard tables.
